

PUBLICATIONS

Books

Goh, K.M. 1987. *An Introduction to Garden Soils, Fertilisers and Water*. Bascands Publisher, Christchurch. 90 pp.

Books (Chapters)

- Goh, K.M. 1978. Soil organic matter in the Manawatu chronosequence. In: *"Soil Groups of New Zealand - Yellow Brown Sands"* edited by V.E. Neall. Part 2: 106–111. New Zealand Soil Science Society, Lower Hutt, New Zealand.
- Goh, K.M. 1980. Dynamics and stability of soil organic matter. *In: "Soils with Variable Charge"* edited by B.K.G. Theng. New Zealand Soil Science Society. Chapter 18: 373–393.
- Williams, M.R. and Goh, K.M. 1980. Chemical nature of the organic matter extracted from a gley podzol soil (Okarito). *In: "Soil Groups of New Zealand - Podzols and Gley Podzols"*. edited by R. Lee, New Zealand Soil Science Society, Lower Hutt, New Zealand, Part 5: 284–291.
- O'Brien, B.J., Stout, J.D. and Goh, K.M. 1981. The use of carbon isotope measurements to examine the movement of labile and refractory carbon in soils. *In: "Flux of Organic Carbon by Rivers to the Oceans"* edited by G.E. Likens, F.T. McKenzie, J.E. Richey, J.R. Sedell and K.A. Turekein. Division of Biological Sciences, U.S. National Research Council, Academy of Sciences 2: 46–74.
- Stout, J.D., Goh, K.M. and Rafter, T.A. 1981. Chemistry and turnover of naturally occurring resistant organic compounds in soil. *In: "Soil Biochemistry"* edited by E.A. Paul and J.N. Ladd. Marcel Dekker, New York. Chapter 1, Vol. 5: 1–73.
- Goh, K.M. 1982. Losses of nitrogen from arable systems. *In: "Nitrogen in New Zealand Ecosystems"* edited by R.W. Gandar, D.S.I.R., Palmerston North, New Zealand. pp. 163–167.
- Goh, K.M. 1982. The significance of the ¹⁵N technique in nitrogen balance studies. *In: "Nitrogen in New Zealand Ecosystems"* edited by R.W. Gandar, D.S.I.R., Palmerston North, New Zealand. pp. 179–183.
- Goh, K.M. and Sherlock, R.R. 1982. Studies of denitrification processes and their effects on nitrogen balances. *In: "Nitrogen in New Zealand Ecosystems"* edited by R.W. Gandar, D.S.I.R., Palmerston North, New Zealand. pp. 191–195.
- Goh, K.M. and Haynes, R.J. 1986. Nitrogen and agronomic practice. *In: "Mineral Nitrogen in Plant/Soil System"* edited by R.J. Haynes. Academic Press, New York. Chapter 7: 379–468.
- Goh, K.M. 1991. Bomb Carbon. *In: "Carbon Isotope Technique in Biological Sciences"* edited by D.C. Coleman and B. Fry. Academic Press, New York, pp. 147–151.
- Goh, K.M. 1991. Carbon Dating. *In: "Carbon Isotope Techniques in Biological Sciences"* edited by D.C. Coleman and B. Fry. Academic Press, New York, pp. 105–125.
- Smith, C.J., Goh, K.M., Bond, W.J., Freney, J.R. and Tuomi, S. 1995. Amelioration of acidity in subsurface soil using organic and inorganic calcium compounds. *In: "Soil-Plant Interactions at Low pH: Principles and Management"* edited by R.A. Date, N.J. Grundon, G.E. Rayment and M.E. Probert. Kluwer Academic Publishers, Dordrecht, The Netherlands. pp. 573–577.
- Goh, K.M., Murata, T. and Nguyen, M.L. 1996. Sensitive indicators of soil organic matter changes in sustained productive pastures receiving long-term superphosphate applications in New Zealand. *In: "Humic Substances and Organic Matter in Soil and Water Environment: Characterization, Transformations and Interactions"* edited by C.E. Clapp, M.H.B. Hayes, N. Senesi and S.M. Griffith, International Humic Substances Society, University of Minnesota, St Paul, U.S.A., pp. 169–181.
- Goh, K.M. and Williams, P.H. 1999. Comparative nutrient budgets of temperate grazed pastures. *In: "Nutrient Disequilibria in Agroecosystems: Concepts and Case Studies"* edited by E.M. Smaling, O. Oenema and L.O. Fresco. CAB International, Wallingford, United Kingdom, pp. 265–294.

- Kumar, K and Goh, K.M. 2000. Effects of crop residues and their management practices on soil quality, soil nitrogen dynamics, crop yield and nitrogen recovery. *Advances in Agronomy* **68**: 197–319.
- Goh, K.M. 2001. Managing organic matter in soils, sediments and water. In: "*Understanding and Managing Organic Matter in Soils, Sediments and waters*" edited by R.S. Swift and K.M. Sparks. International Humic Substances Society, Adelaide, Australia. pp. 269–278.
- Goh, K. M. and Nguyen, M. L.2009. An overview of soil carbon sequestration and its importance. In: "*Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems- Guidelines*". FAO/IAEA, Vienna, Austria (In Press).
- Goh K.M.2009. Processes, factors, and strategies for controlling soil carbon sequestration. In: "*Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems- Guidelines*". FAO/IAEA, Vienna, Austria (In Press).
- Goh K.M. 2009. Assessments of soil carbon sequestration and decomposition of organic residues using different carbon isotopes. In: "*Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems-Guidelines*". FAO/IAEA, Vienna, Austria (In Press).
- Goh, K.M. 2009. The use of isotopic tracer techniques for investigating the agronomic value of sewage sludge and other organic wastes. In: "*Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems-Guidelines*". FAO/IAEA, Vienna, Austria (In Press).
- Goh, K.M. 2009. Carbon isotopes-labelling procedures:Techniques and safety issues. In "*Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems-Guideline*". FAO/IAEA, Vienna, Austria (In Press).
- Goh, K.M. 2009. Case studies. In: "*Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems-Guidelines*". FAO/IAEA, Vienna, Austria. (In Press).
- Goh, K.M.2009. Final Report-Carbon Isotopic Tracers in Investigating Soil Carbon Sequestration and Stabilization in Agro-ecosystems-Guidelines" FAO/IAEA, Vienna, Austria (CD Rom 321 Abstracts and References) (In Press).
- Goh, K.M. 2009. An overview of soil phosphorus status, availability, sources, fluxes and balances in soil-plant systems. In: "*Estimating Phosphorus Availability, Fluxes and Balances in Soil-Plant Systems using Phosphorus Isotopes-Guidelines*". FAO/IAEA, Vienna, Austria (In Press).
- Goh, K.M. 2009. Conventional and radio-isotopic tracer techniques for estimating phosphorus availability, fluxes and balances. In: "*Estimating Phosphorus Availability, Fluxes, and Balances in Soil-Plant Systems using Phosphorus Isotopes*". FAO/IAEA, Vienna, Austria.(In Press).
- Goh, K.M. 2009. Case studies. In: "*Estimating Phosphorus Availability, Fluxes and Balances in Soil-Plant Systems using Phosphorus Isotopes-Guidelines* ". FAO/IAEA, Vienna, Austria (In Press).

Books (Reviews)

- Goh, K.M. 1992. Review of Addiscott, T.M.; Whitmore, A.P.; Poulson, D.S. *Farming, fertilizers and the nitrate problem*. CAB International, United Kingdom. *New Zealand Journal of Agricultural Research* **35**: 365–366.
- Goh, K.M. 1993. Review of Anderson, J.M.; Ingram, J.S.I. *Tropical soil biology and fertility, a handbook of methods*. CAB International, United Kingdom. *New Zealand Journal of Agricultural Research* **36**: 500–501.

Refereed Journal Articles

- Goh, K.M. 1970. Organic matter in New Zealand Soils. I. Improved methods for obtaining humic and fulvic acids with low ash content. *New Zealand Journal of Science* **21**: 78–84.
- Goh, K.M. 1971. Comparison and evaluation of methods for including nitrate in the total nitrogen determination of soils. *Journal of the Science of Food and Agriculture* **23**: 275–284.
- Goh, K.M. 1971. Kelp extract as fertiliser. I. Effect on germination and dry matter production of white clover. *New Zealand Journal of Science* **14**: 734–748.
- Goh, K.M. and Stevenson, F.J. 1971. Comparison of infrared spectra of synthetic and natural humic and fulvic acids. *Soil Science* **112**: 392–400.
- Stevenson, F.J. and Goh, K.M. 1971. Infrared spectra of humic and fulvic acids and their methylated derivatives. Evidence for non-specificity of analytical methods for oxygen-containing functional groups. *Soil Science* **113**: 334–345.
- Stevenson, F.J. and Goh, K.M. 1971. Infrared spectra of humic acids and related substances. *Geochimica et Cosmochimica* **35**: 471–483.
- Goh, K.M. 1972. Amino acid levels as indicator of paleosols in New Zealand soil profiles. *Geoderma (International Journal of Soil Science)* **7**: 33–47.
- Runge, E.C.A., Goh, K.M. and Rafter, T.A. 1973. Radiocarbon chronology and problems in its interpretation for quaternary loess deposits - South Canterbury, New Zealand. *Proceedings (Journal) Soil Science Society, America* **37**: 742–744.
